INTELLIGENCE COMMUNITY STAFF

APR 20 1984

NOTE FOR: Program Monitors

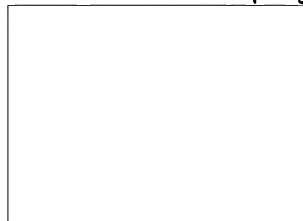

FROM:

SUBJECT: CINC Intelligence Review

I found out more details on the briefings for the CINC conference, as summarized in the attached. I propose each monitor contact their program office to arrange briefings as indicated in the tentative schedule. Let me know if there are problems with the time periods allotted as we may have to iterate on the schedule. I would like to get back to DIA by 4 May with a firm schedule, followed in a week or so with the names of briefers, etc. Stop by if you have any questions.
